Hazard number	Hazards	Associated Risks	* Risk rating without controls	Controls in place	* Risk rating with controls (Residual risk)
1	Vehicles in carpark upon arrival	Collision with vehicle/run over by vehicle	12	<ul style="list-style-type: none"> Students supervised when embarking/disembarking from transport vehicles and instructed on safe crossing points by Sydney Zoo staff. (i.e. Pedestrian Crossings) Speed limit enforced and safety buzzer/light in use for buggies. 	
2	Many people, management of group	lost students/isolation from group, and large crowds	12	<ul style="list-style-type: none"> WWCC for all education staff. Students should be chaperoned at all times within Zoo grounds. Zoo Workshops are led by a Sydney Zoo educator. Sydney Zoo recommends a supervision ratio of 1:5 for Early learning groups and younger primary groups students, and 1:10 for Stage 2 and above. Teachers/supervising adults should implement effective supervision strategies (e.g. Name badges, mobile contact number displayed on students, utilising Zoo staff in case of emergencies, regular roll calls and emergency meeting points.) Teachers ensure students behave appropriately and follow instructions at all times. 	4
3	Uneven ground, gravel, grass, playground, medical emergencies	Slips, trips and falls, medical emergencies	12	<ul style="list-style-type: none"> Primary duty of care for students is with the School's attending teachers/ adult helpers. All attending schools should bring their own first aid kit. School's supervising teachers must be in possession of information on all students' medical needs, include Emergency Response Plans (including Anaphylaxis and Asthma) and Medication. For escalation of Medical Aid, please approach Sydney Zoo staff for assistance. If required the Zoo's Emergency Response Plan can be 	4

				<p>implemented, which includes First Aid Responders and Emergency Code Calls, including external communication with emergency services.</p> <ul style="list-style-type: none"> • Students accessing behind the scenes areas to be accompanied by Sydney Zoo staff at all times and briefed on safety hazards related to potential trips or slips. 	
4	Extreme weather	Heat stress/stroke, sunburn, storms, lightning strike, high winds, rain	10	<ul style="list-style-type: none"> • In the event of severe weather, Sydney Zoo's Emergency Response Plan will be enacted. • School's Duty of care responsibility must dictate whether the excursion is to go ahead – option for school to cancel/postpone their visit. • School's advised that appropriate PPE is recommended for excursion – including, rain coats, rest breaks, water, sunscreen, and hats advised. • Water available from drinking fountains/refill stations throughout the Zoo. • Teachers should be aware of areas of shelter in Zoo grounds – on maps. • In the event of severe weather and Sydney Zoo enacting its emergency response plan guests will be directed accordingly to procedure. 	1
5	Miscommunication/ lack of information	Unprepared for Excursion Additional attending adults unaware of supervision requirements	6	<ul style="list-style-type: none"> • Information sent to the school staff member who has booked the excursion. • Expectation of the booking school staff member to send information to the relevant parties and attending adults. • Information provided to School's teachers upon booking via e-mail, including risk assessment and other relevant site information. • More information available at www.sydneyzoo.com 	3

6	Contact with Flora and Fauna, walk through exhibit with roaming animals present	Animal bite or scratch Disease or allergic reaction	12	<ul style="list-style-type: none"> • Animals are under the supervision of trained Sydney Zoo staff members or volunteers. Animals are regularly checked for potential disease. • Animals are conditioned to minimise the potential of biting or scratching. • Students are reminded to observe proper hygiene after contact with animals - i.e. washing hands or use antibacterial foam that will be available after contact. Restricted access and instructional signage must be observed by public. • First Aid available by supervising school and if required by Sydney Zoo staff. (See above: First Aid and Emergency Response) • Students accessing behind the scenes areas to be accompanied by Sydney Zoo staff at all times and briefed on safety hazards related to flora and fauna. • Students will not consume bush tucker plants during visit in case of allergy. 	2
7	Consuming food and beverage available on site	Allergy and food intolerances	10	<ul style="list-style-type: none"> • Food and beverage is provided and managed by Sydney Zoo for purchase. • Food Safety Standards in place by Sydney Zoo. • School's supervising teachers must be in possession of information on all students' medical needs, such as Anaphylaxis, Asthma and Medication and have appropriate control measures in place. • Schools organise students with potential severe allergy and food intolerances to arrange own food for excursion as precaution. • Schools to advise educator of any student with anaphylaxis prior to the lesson commencement if it is relevant in the lesson space. 	2
